**Iris and Peony Price List
 Spring and Fall 1932**

VISITORS. You are cordially invited to visit our Show Gardens at any time, Sundays included. This year we will have 350 varieties of Iris in bloom and over 100 of the better varieties of Peonies in bloom. All plants are plainly labeled with Metal Stamped Labels and complete list of varieties is handed you if asked for. The adjoining fields are worth seeing.

RATINGS. Numbers preceding variety names of IRIS are the Garden Ratings given by AMERICAN IRIS SOCIETY and are absolutely reliable regarding quality of varieties. Varieties that are new and not widely enough distributed to give rating have year of introduction given in place of rating.

SHIPPING DATES. Iris from July 1st to October 15th. PEONIES from September 1st to October 15th.

METAL STAMPED LABELS. We make these to order at 2 cents each, postpaid. Do not order less than 10 labels at a time.

SECOND CHOICE. Late in season it is very important that you make second choice if you do not wish to be disappointed. All orders are filled in turn and subject to prior sale.

SUBSTITUTIONS. We do not substitute except in collections unless requested to do so.

COLLECTIONS. Please order these by number only. Do not repeat the names of all the varieties. Do not ask us if we will change certain varieties in these collections. Each variety will be labelled in all collections except No. 1. It is only possible to give you these prices by having a large lot of each variety in equal quantities to dig and label at same time. Late in season we may run out of some varieties in collections—if so we will substitute either a higher priced one or a higher rated one. You pay Postage on collections when you receive them.

NEIGHBORS. If your cash is limited why not get your neighbor to go in with you on these collections. Varieties are arranged in pairs and you can get them at half price. All varieties labeled except in Collection No. 1.
